Join us for the IFFF-Florida Fly Fishing Expo Fri. and Sat., Oct. 10-11 at the Plantation in Crystal River, FL. Learn new stuff and make new friends . . . and most of all enjoy. Make the Expo your club outing for the month of October. Learn about the fly fishing clubs in Florida and the accomplishments of the IFFF. We, the FL Council, are committed to promoting fly fishing and all that goes along with it -- casting, tying, education, conservation, preservation and restoration.

Building on last year’s success we have a great venue of programs, fly tiers and fly casters. This is the year for you fly tiers and women fly fishers. Bob Clouser will teach his famous Clouser Deep Minnow fly and how to cast large flies. Wanda Taylor will host a special fly fishing gear programs for women and a fly casting session. Make your reservations early for these special programs. We've created a great event for you, with programs, workshops, fly tying and fly casting, plus a program just for youths. There will be a reception on Friday evening and our banquet and live auction on Saturday evening. There is a variety of programs and you’ll have a chance to meet some of the best fly tiers in the state and region. Many of last year’s vendors are will and we’ll be adding new ones right up until October. There will be the same great bargains as last year so stop by and see what’s new.

Lots of people have worked many hours to bring you this high-quality program. I am exceeding grateful to the Expo chairs and their committee members for all their hard work.

Make your reservation early and see you at our Expo. Go to our website and register early! http://www.fedflyfishers.org/Councils/Florida.aspx
